

Presentation on Learning Outcomes By Gujarat State

Quality Education

Gujarat State has implemented several programmes to improve Quality of Education. Gujarat State under RMSA also proposing to implement similar programmes. Few of them are mentioned below:

- 182 Principals of Government Secondary Schools out of 194 have been trained at Indian Institute of Management-Ahmedabad (IIM-A) under 6 days residential Professional Development Programme under RMSA for developing skills of Educational Leadership, Organizational

Management, Human Resources Management and Financial Management in Principals to develop and manage Government Secondary School effectively as an organization. This training has boosted the moral and self confidence of the principals which finally leads to qualitative development. Looking after the successful implementation of the said programme, Gujarat State has also proposed the similar training for 300 Principals and 27 DEOs by NUEPA or IIM-Ahmedabad in Annual Work Plan 2013-14.

Professional Development Programme for Government School Principals by IIM, Ahmedabad

- 2 Resource Persons at State Level and 7 Associates at District Level has been appointed for implementation of Guidance & Counselling Services under RMSA. Appointed human resources have imparted the preliminary Assessment for identifying individual, social, academic and psychological problems incurred with Students, Teachers and Parents. Three days training was given through “Maa Foundation” at Vapi to Guidance & Counselling Resource Persons.

- Under Sensitization programme as of now 800 Principals were trained in the state. We have also incorporated 142 extra principals Training through “Maa Foundation” in free of cost. Gujarat State has also proposed the similar training programme for Principals in Annual Work Plan 2013-14.

- Remedial Teaching for improving and focusing towards poor result students has been done and successfully performed by the state. The process is still continued by the state actively. Programme is running smoothly for 11,425 students sanctioned by MHRD as per PAB. Gujarat State is again proposed the same programme for 10,945 Students in Annual Work Plan 2013-14.

➤ The State has completed the training of Empowering Girls for 5627 girls of Government Secondary Schools through Gujarat Knowledge Society (GKS). The Assessment of Empowering Girls Programme has also been completed by GKS and the result shows improved thinking of girls on training topics. The State is again proposed the same programme for 12,370 girl students of RMSA and Government Secondary Schools in Annual Work Plan 2013-14.

Main Objectives of the Programme:

- Spreading Awareness of Importance of Girl's Education
- Proper guidance for Social Issues like Dowry, Child Marriage (Bal Vivah) and Infanticide
- To develop the understanding of Maternal Health & Adolescent
- Gender Equity
- To develop a lifelong perspective about living as a female in a society
- Make girls familiar with various career opportunities available for them

Empowering Girls training course carried out in Government Schools

➤ The Government of Gujarat has organized – Village to State Level- “Khel Mahakumbh”. The main purpose of this programme is involvement and mass participation of sport persons from every village to city. Through “Khel Mahakumbh”, the State Government is searching talent and also spreading health awareness.

The details of no. of participants in “Khel Mahakumbh” is as follows:

- 2010-11 : 13.14 Lakhs
- 2011-12 : 17.62 Lakhs
- 2012-13 : 24.38 Lakhs

➤ Gujarat Secondary and Higher Secondary Education Board (GS&HSEB) has been working towards reducing the burden of studying a huge syllabus for the board exams. Students, especially from the science stream, are now studying in a semester system, starting from class XI.

Key features of this system :

- Final percentage will be calculated as an average of the consolidated score of four semesters.
- 4 semesters will be conducted over a span of two years, i.e., class XI & XII.

- Out of the four exams, first and third semesters will be conducted as per the OMR method. All questions would be objective type and the papers will be checked using OMR machine.
- Second and fourth semester exams will be conducted as subjective papers, as all other school exams.
- Each semester will carry an equal weightage of 25 percent.
- Marks will be declared as percentiles instead of percentages.

- Gujarat State coordinates with the Specialists in Energy, Nuclear and Environmental Sciences (SENES) team for Environmental Assessment of Government Schools in Gujarat. The programme was concluded successfully in the month February-2013.
